

LENNOX

# PEACE-OF-MIND PROTECTION

COMFORT SHIELD  
EXTENDED WARRANTY PROGRAM  
Preserving and protecting your family's comfort.

# Thank you for choosing Lennox

By choosing a Lennox Dealer and Lennox products, you've taken an important step toward ensuring premium comfort for years to come.

Lennox HVAC products are consistently listed at the top of industry reliability ratings. Yet, even with the extensive testing that Lennox units undergo, mechanical breakdowns can happen—that's why we've created the Comfort Shield extended warranty program.

## THE LENNOX COMFORT SHIELD WARRANTY PROGRAM

Comfort Shield is an extended warranty plan designed to cover items that typically are not covered by the Original Equipment Manufacturer's Standard Limited Warranty, like labor, refrigerant and trip charges.

### **Flexible coverage options.**

Comfort Shield's warranty options include coverage terms from two to ten years from the installation date. And, select Comfort Shield plans can be purchased up to five years after the date of installation. Plus, the warranty is fully transferable (at no additional cost) should you sell your home. Your Comfort Shield plan can include:

- Refrigerant coverage
- Full unit replacement options
- Initiate service request at any time

COVERAGE up to **10** YEARS

### Comprehensive coverage for heating and cooling.

The Lennox standard limited warranty may cover parts for up to ten years and does not include labor—which can be up to 80% of a repair. Comfort Shield is available on the following Lennox products:

- Air conditioners
- Heat pumps
- Furnaces
- Air handlers
- Boilers
- Residential packaged units (up to 5-ton capacity)
- Mini-split systems (heat pumps and air conditioners only)
- Accessories

### Plan for the unexpected.

Comfort Shield coverage helps protect against unforeseen costs associated with service and repair. Additionally, Comfort Shield plans do not charge you a deductible.

**TOTAL EXPENDITURES CAN BE \$300-\$900**

## PREVENTIVE MAINTENANCE FOR IMPROVED SYSTEM LONGEVITY

Annual maintenance of your HVAC system is important and may be required to maintain uninterrupted warranty coverage. Preventive maintenance delivers several benefits:

- Regular maintenance keeps the system running at peak efficiency and increases the lifespan of the equipment
- Regular servicing by your Lennox Dealer can help detect any potential issues before they arise
- Original Equipment Manufacturer's Standard Limited Warranty and extended warranty may be void without routine maintenance
